ABOUT ME

I am a MERN Stack Developer and eCommerce Specialist with experience in building full-stack web applications and customizing online stores. I work with **React, Node.js, Express, and MongoDB**, and I also have strong experience in **WordPress development and Shopify store customization**. I enjoy creating responsive, user-friendly websites and reliable web solutions. I am always motivated to improve my skills and work on projects that help businesses grow online.

WORK EXPERIENCE

UNIVERSITY OF GUJRAT (ACADEMIC PROJECT)

Technologies: React.js, Node.js, Express.js, MongoDB, CNN Model

- Developed a full-stack MERN eCommerce application with user authentication and secure checkout.
- Implemented a product catalog, shopping cart, and booking system for gardening services.
- Integrated an AI chatbot assistant to support customer queries.
- Built a CNN-based plant recognition module to identify plant species.
- Developed an admin panel for managing products, users, orders, and service bookings.
